Raymond Muller FRONTEND / MOBILE DEVELOPER

raymond.muller.1989@gmail.com / http://raymondmuller.com

I am a problem solver with experience in (remotely) developing awesome mobile and web solutions, and I am up for a new challenge. I am hardworking and I happen to rapidly pick up new skills. When I stumble upon a problem or task that I am not familiar with, I will tell you, figure it out and come back later to give you the solution.

Skills

AngularJS / ReactJS/ CoffeeScript - Javascript / Jade - HTML / SASS - CSS / Ionic
D3.JS / Cordova / Jasmine / JAVA / LibGDX / Grunt / Gulp / GIT

Experience

FRONT END / MOBILE DEVELOPER – MAY 2014 - PRESENT - CTS SOLUTIONS - VALLADOLID, ES

Developing an online banking site and app for a European bank using AngularJS in an Agile and Test Driven Development environment, writing beautiful code using Coffee-Script, Jade, SASS.

FREELANCE DEVELOPER – 2012 - PRESENT

http://raymondmuller.com/react-kube/

http://www.boekhetzelf.nl (coming soon)
Boek Het Zelf is a daily deal site targeting women in the Netherlands. I am using Angu-larJS (written in CoffeeScript) with Wordpress as a backend, retrieving data through the JSON API. I am developing the hybrid mobile app (Android and iOS) with Ionic.

http://www.ticketspy.nl
TicketSpy is a travel deal website with over 30.000 daily visitors based on Wordpress. I am responsible for the installation, support and customisation of site, as well as their native Android application (with push notifications), to be found here: http://bit.ly/1OpUhMh

Precio Gasolina Espana (http://bit.ly/1GBESam)
A native Android application showing the latest fuel prices in Spain.

Puzzle Monsters (http://bit.ly/1FN1XEj)
Puzzle monsters is a game written in native Android. Though the game does not have many downloads, I have learned a lot during development.

SEO JUNIOR (INTERNSHIP) - 2012 - INTERNET ADVANTAGE, SALAMANCA, ES

As a SEO junior at Internet Advantage I helped their clients improving their visibility in the popular search engines.

JUNIOR PROGRAMMER (INTERNSHIP) – 2007 - MINISTRY OF EDUCATION, CULTURE, SCIENCE, NL

As a junior programmer I developed an intranet website where employees could plan meetings and holidays using HTML, CSS, PHP and a MYSQL database.
